

Protexin®

Mouthwash Concentrate

Protexin Mouthwash, a zinc chloride formula, cleans the mouth of debris and ropy saliva leaving a fresh, long-lasting taste and making for more perfect impressions. Protexin Mouthwash is used either directly into chair-side cup or pre-mixed using one (1) one ounce bottle of concentrate in up to one (1) gallon of water. Protexin Mouthwash is economical, conveniently-stored and eliminates heavy or bulky containers. Protexin reduces your costs by at least one-half compared to over-the-counter rinses. Protexin Mouthwash may be used in any dental unit spray without fear of clogging.
